informs you how Philips uses and protects your personal data and about the choices you have about how your personal data is used. This is a statement about Philips's privacy practices, not a contract or agreement. This privacy notice applies to personal data collected by the connected Multicooker and the ChefConnect application ('App') which is controlled by or under control of Philips. Type of Personal Data We Collect and How We Use It

This Privacy Notice was last changed on 24.

Philips Consumer Lifestyle B.V. ("Philips")

read this Privacy Notice carefully as it

strongly believes in protecting the privacy of

the personal data you share with us. Please

A Privacy Policy

Philips Multicooker app:

Privacy Notice

06. 2015

The App collects or uses personal data in connection with your installing or usage of the App. The App uses your personal data for the following purposes: For making use of the App. What does this purpose entail? When you use the App, we will track the usage of your connected Multicooker to be able to provide you with useful tips, tricks and maintenance information to maintain your machine. We process, collect and analyze this data for research purposes and/or to provide you with useful tips, both to improve the

content, functionality and usability of

the connected Multicooker and the App.

 Which personal data do we process for this purpose? When you use the App, Philips will collect technical data relating to your usage of the connected Multicooker, preparation of your connected Multicooker.

such as time and duration of use, recipe For managing your Philips account. What does this purpose entail? When you create an account, we may send you a welcoming email to verify your username and password, to communicate with you in response to your inquiries, and to send you strictly service-related announcements, for instance, if our Service is temporarily your registration information to create

suspended for maintenance. We will use and manage your Philips account. Which personal data do we process for this purpose? We may use your registration information, such as: username, first name, last name, email address, country, language, password, salutation, date of birth. For sending you information about

Philips via the App or the e-mail What does this purpose entail? We would like to keep you updated on our latest products and services and other opportunities and developments within Philips. We will do this by means

of e-mails, but we will only do this if we have received your consent for this. Which personal data do we process for

this purpose? For this purpose we process your e-mail address, your User Unique ID and an overview of which e-newsletters we

have sent you. 4 For generating statistical data to help us improve the content, functionality and usability of the App.

 What does this purpose entail? We collect and aggregate these personal data, removing individual identifiers in order to create usage statistics that help us improve the content, functionality and usability of the App. Which personal data do we process for

this purpose? For this purpose we process your unique User Device number, the IP address of your device, the type of mobile internet browser or operating system you use, and the dates and times of your use of the App. We also collect session and usage data which is information about

your use of the App, such as information relating to the connection request, server communication and data sharing, network measurements, quality of service, and date and time of access. **How We Share Information with others** Philips makes use of trusted third parties or

hosting partners who act on behalf of Philips, in order to provide the necessary hardware, software, networking, storage, transactional services and/or related technology required to run the App or the services provided. Philips also uses the services of our trusted third-parties to help provide and understand the use of our App. These third-party service providers collect data sent by your mobile device, such as session and usage data as well as log data.

If Philips allows a third party to transfer your personal data outside of your geographic region, we will take steps to protect your privacy rights through the use of contractual arrangements or other means, which will provide a comparable level of protection while the information is being processed by our trusted third parties. Philips will disclose personal data only under this policy and/or when required by law.

Philips sometimes sells a business or a part of a business to another company. Such a transfer of ownership could include the

transfer of your personal data directly related to that business, to the purchasing company. Your choices and rights We want to know you better so we can serve you better while at the same time, we respect your choices about how we use your personal data. Your personal data may be transferred from your home country to other Philips companies, in different locations around the world. These countries may not have similar data protection laws. In the event that your

data is transferred outside of your country or jurisdiction, it might be treated according to the laws in those jurisdictions. If local law requires, we will ask for prior consent to transfer your personal data outside of your geographic region. You may at any time amend your personal data or change your preferences. Sometimes this can be done in the App or by visiting your online MyPhilips account. To opt-out of our marketing services you can at any time make use of the 'unsubscribe' button below each email that us sent to you. You may at any time request access to your

personal data, request correction or objecting to the processing of your personal data, and object to any processing of your personal data [via your App account or] by emailing us at privacy@philips.com or by surfing to our contact page.
