

2016, April 16th

“Bushi. Ninja and Samurai” exhibition. Turin

A new consolidated cooperation between Ilti Luce and Yoshin Ryu Association, reflected by the last exhibition at MAO (Museo d’Arte Orientale) in Turin: “Bushi. Ninja and Samurai”. A new opportunity to promote Japanese culture.

The exhibition proposes to visitors a fascinating tour to discover Bushi: the Japanese warriors famous for legendary exploits, magic, reality and refined aesthetics.

Ilti Luce provided Zoom Spot track and StyliD PerfectBeam. Two different projectors earmarked to focus the light on the art.

High light flexibility in terms of beam variation and dimming and a superior light quality to a perfect color rendering.

Both projectors guarantee a beam uniformity and high CRI.

MAO—Museo d’Arte Orientale
From April, 16th to May, 29th
