

## SL SUNLED 10

The SL SUNLED 10 has ten cells of fixed white LEDs to deliver a blended wash of warm white light. Similar to the traditional and popular halogen strip light effect, the SUNLED 10 offers reduced power consumption, low heat output, and minimal maintenance.

A tungsten mimic option shifts the color temperature as the luminaire dims, providing the distinctive warm tungsten feel at lower light levels. The SL SUNLED 10 can easily replace the halogen striplight effect in your designs without compromising the look and feel of your production.

Configure the SL SUNLED 10 remotely via RDM, or locally through the comprehensive Showline LCD menu system.

### Features:

- Rugged construction
- Delivers over 6000 lumens
- Sturdy single piece yoke and multiple hanging points
- 15 degree beam angle
- Flicker free operation
- 8 bit DMX-512A operation
- Comprehensive Showline LCD Menu System for addressing and setup
- Remote configuration available via RDM
- 5 pin XLR plugs for DMX-512A(RDM) IN and THRU
- Neutrik powercon for IN and THRU connections

## Technical Specifications:

### Version:

SL SUNLED 10

### Optics:

15 degree beam angle  
10 high power LEDs

### Controls:

DMX-512A(RDM)  
Local LCD control  
Master / Slave

### Modes:

15 Channel control  
5, 2, or 1 zone control  
Simple 10 channel control

### Features:

Silent passive cooling ideal for studio environments  
Multiple mounting points allows innovative hanging positions

### Physical:

100-240V, 150W  
1082mm x 146mm x 130mm

8.8 kgs

IP20

CE, C-Tick

### Luminance:

6000 lumens
