

A wide-angle photograph of a modern Philips Lighting store interior. The space is bright and open, featuring a mix of materials like wood, metal, and fabric. In the foreground, a long white table with a black metal frame is surrounded by grey upholstered chairs. To the left, a tall, dark metal shelving unit holds various items, including a globe and framed photos. In the background, there are more tables, chairs, and a bed, all arranged to showcase different lighting products. The ceiling is high with exposed pipes and numerous track lights. The overall atmosphere is clean, professional, and focused on showcasing the brand's lighting solutions.
