

PHILIPS

Next Level

2015 Canada Philips Lighting Application Center Course Description

Lighting Specialist Program

This 2-day Workshop builds on a basic understanding of lighting to address the critical issues in the experience, measurement and assessment of lighting and lighting systems.

We take an interactive, experience-based, and participant-centered approach, using full-scale and hands-on demonstrations. Participants observe lighting in action, measure and evaluate lighting alternatives, and practice applying the content.

Workshop Agenda

- Human and Business Impacts of Lighting
- Language of Light – Terminologies and a Technical Review
- Analyzing the total cost of ownership
- Photometry
- Colour and Its Impact on Source Selection
- Choosing Luminaires to Meet Specific Needs for Each Application
- Light Over Life
- Controls: Components, Interaction and Strategies

Who Should Attend

For Philips authorized distributors only. This workshop is aimed at the needs of those with two-to-five years of lighting experience and the desire to augment their lighting knowledge and know-how.

Pre-requisite: Lighting Essentials or the Lighting Fundamentals Workshop

Canadian Workshop Fee: \$425 Canadian Dollars — [Register Now](#)

Location: LCC, Toronto

Scheduled dates:

February 26-27 - This course is closed

October 19-20
