

Philips Econ-o-watt®
Standard, Extended, and
Industrial Service Lamps

*Ideal for hotels, shops, office
buildings and workrooms*

ECON-O-WATT®

Energy saving alternatives

Philips Econ-o-watt® Standard, Extended, and Industrial Service Lamps can directly replace standard life incandescent lamps, offering instant energy savings for many applications.

Direct replacement for standard incandescent lamps

- Energy saving “A” shape lamps
- Available in a variety of wattages
- Use as a quick retrofit for 40, 60, 75, 100, and 150W lamps

Energy saving

- 10%–15% more energy efficient than standard incandescent lamps*

Long life

- Extended service = 2500 hours rated average life**
- Industrial service = 3500 hours rated average life**

* When compared to a standard incandescent A19 lamp, the Econ-o-watt A19 lamp provides 10%–15% more energy savings based on wattage reduction (e.g. 6W / 40W = 15%).

** Rated average life is the length of operation (in hours) at which point an average of 50% of the lamps will still be operational and 50% will not.

PHILIPS

sense and simplicity

Philips Econ-o-watt® Standard, Extended Service and Industrial Service Lamps
