HADCO

Landscape

ZoneScape

Connect your landscape
to your lifestyle

Cutting edge
curb appeal

Usher in a new era of outdoor lighting controls with the Philips Hadco ZoneScape landscape lighting control system. Up to 8 independent outdoor lighting groups are controlled at the touch of a finger from any mobile device, elevating ordinary lighted landscapes into enticing, high-tech destinations.

ZoneScape's control module easily connects to new and existing outdoor luminaires and low voltage transformers from any manufacturer – no special wires or adapters are needed. The module connects via wireless networks and is managed via a downloadable app on iOS or Android smart phone and tablet device

High tech solution for low voltage lighting

What is controlled?

Up to 300W of total luminaires may be connected per each ZoneScape control module. The luminaires are organized in up to 8 independent, user-defined groups, and using the ZoneScape app, each group can be instantly switched on and off, or programmed to turn on and off according to a flexible and user-defined single daily or weekly schedule.

Is it complicated to install and use?

Install the ZoneScape control module in under 10 minutes without special wires, adapters or tools. Then, use the ZoneScape app's straightforward and user-friendly interface to create and control lighting groups. It's that easy.

What will the neighbors think?

ZoneScape does more than just control outdoor lights – it helps to define an opulent nighttime outdoor destination that is both energy-saving and enviable. Create a high-tech, standout landscape. Create energy-saving lighting schedules for when and where light is needed. Set the neighborhood standard.

Zone 4

Zone 2

Zone 1

Connect your lighting to your lifestyle with custom zones
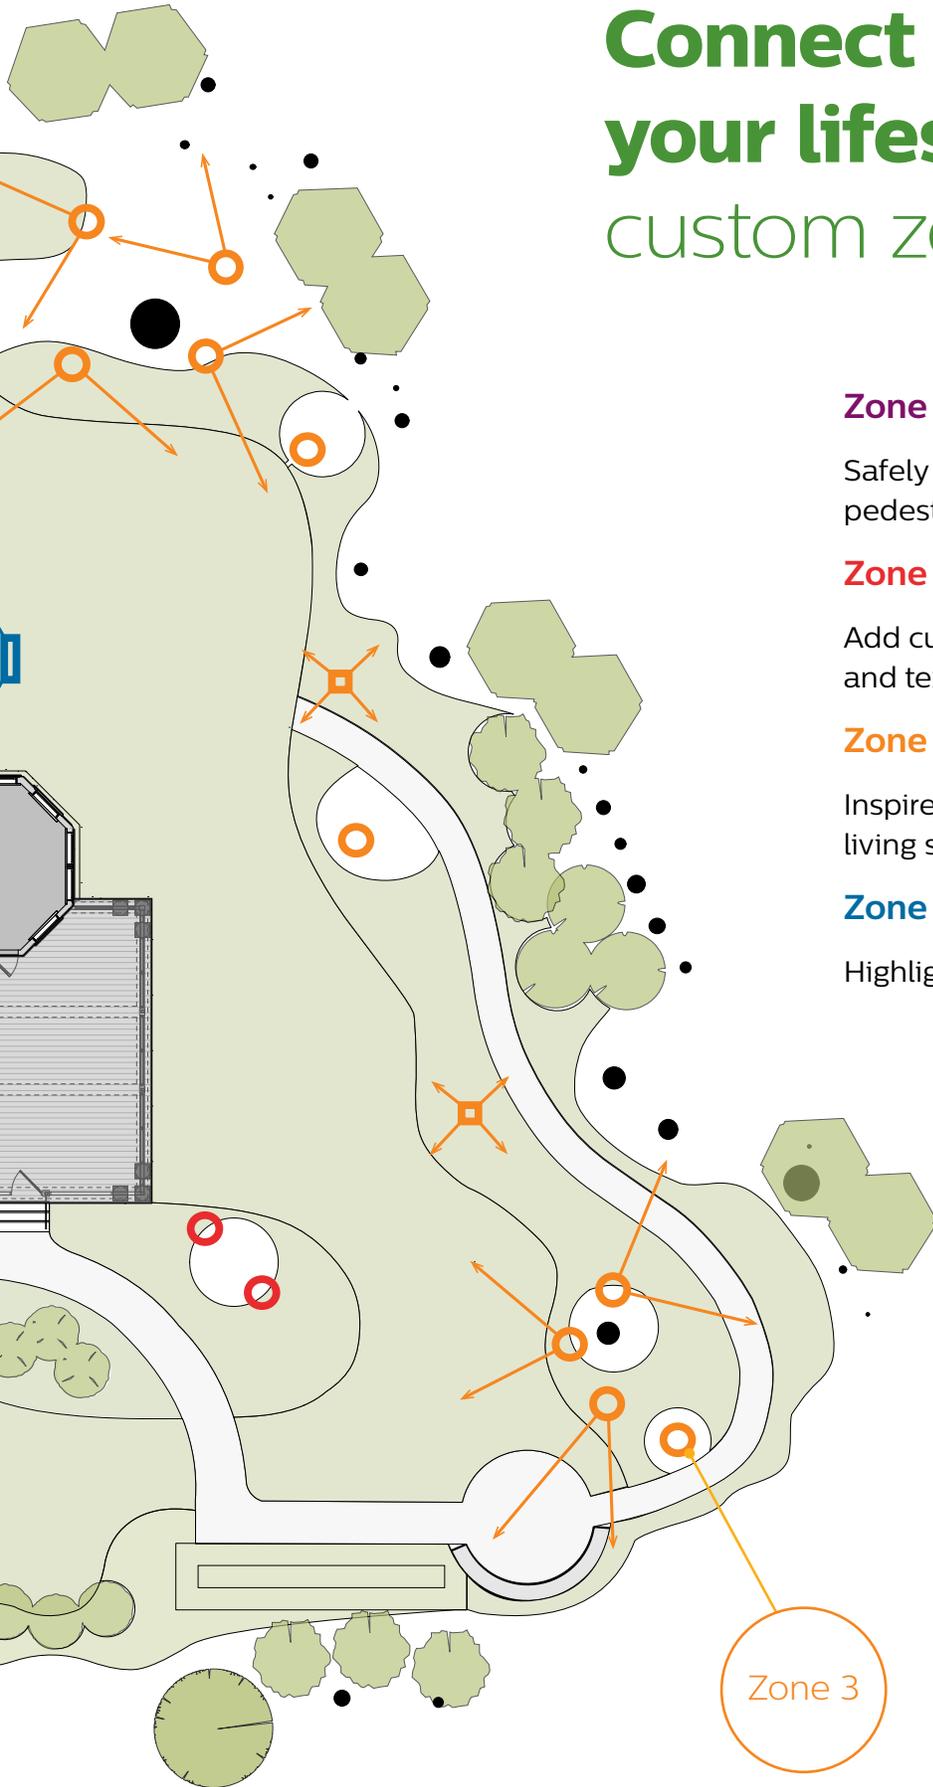

Zone 1: Property entrance

Safely guide drivers after dark, guard against pedestrian falls, and discourage prowlers

Zone 2: Building / house

Add curb appeal, emphasize architectural lines and textures

Zone 3: Property perimeter

Inspire drama and extend your backyard living space

Zone 4: Entertainment / pool patio

Highlight a festive gathering place.

Zone 3

Light Switch

Once connected, user-defined zones may be named for easy reference and manually turned on/off. Up to 8 zones may be connected together, each controlling up to 300W of total outdoor luminaires.
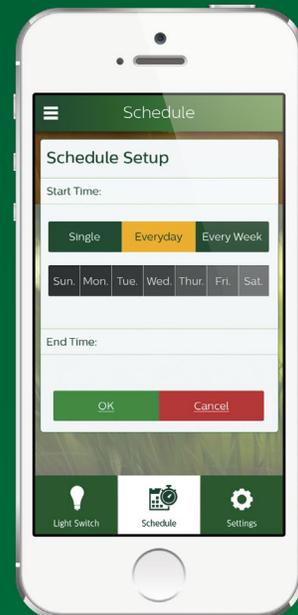

Schedule

Use the Schedule screen to set zone on/off times for single, daily or weekly schedules.
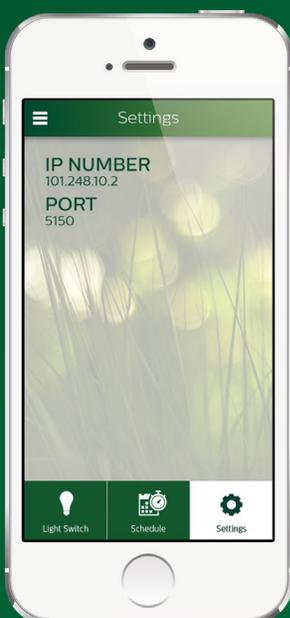

Settings

Easily reference the connected network's internet protocol (IP) address and port.
