

## Philips Fortimo LED Line Gen 3 Modules

Fortimo LED Line Gen 3 will enable you to upgrade your linear LED luminaires to the latest high performance technology while offering the freedom to tune and differentiate on lumen output, efficacy and lifetime, delivering into a common footprint and enabling easy generation change.

The Fortimo LED Line 1R system, with 1 row of LEDs on the module, is ideal for applications requiring beam shaping. The Fortimo LED Line 3R systems have been designed for applications where diffuse lighting is key.

The Fortimo LED Line family was upgraded over previous line generations with better color consistency of 3 SDCM. Light sources with good color consistency are recommended in colorcritical applications, such as in hospitals or art galleries.
