

A woman is sitting on a black leather tufted sofa in a clothing store, reading a magazine. The store has a rustic brick wall and is filled with various clothing items on racks. A wooden coffee table with a magazine on it is in the foreground. A Philips spotlight fixture is visible on the wall.

Philips

Retail Product Guide

About this guide

The guide was created to provide you with our top professional luminaire retail products in one easy-to-find location. The product selection allows you to choose the luminaire that best fits the needs of your specific customer's retail project. Indoor lighting products available through this guide are Philips Chloride, Philips Day-Brite and Philips Lightolier. The outdoor lighting products available are Philips Gardco and Philips Stonco.

In this guide, you will also find a selection of Service Smart and Spec Smart items from our Luminaire Smart Service Program. The program was created to provide a service program to ensure that we fully support your shelf-stocking requirements and provide you with reliable lead times to address the demanding timelines of construction and retrofit lighting projects. For more information, please see the descriptions to the right.

To support our luminaire service program, we have developed the following categories:

- **Service Smart products** are in stock and will be shipped in 48hrs from our warehouses*.
- **Spec Smart products** will be assembled to order and ship within 2 weeks from our factories*.

* Service time is calculated from the time the order is entered until it is shipped.

Philips

Retail Product Guide

Our commitment to you

Our Service Smart and Spec Smart items are backed by a significant investment in finished goods and component inventory. If any unforeseen issues arise or if order volume exceeds maximum order quantity, we will do our best to meet your needs and confirm an acceptable ship date.

Standard lead time products will ship within 4 to 8 weeks, while lead times for special, made to order and custom configured products for all Philips luminaire brands* can be confirmed by contacting the order desk.

Lead time is from the time the order is entered and received by our warehouse. Our goal is to enter orders within one business day of receipt.

To enable fast order entry, orders must be received with complete and correct catalog numbers and reference to the source of pricing (i.e. quote number or pricing program). It is recommended that you reference "Retail Guide" on your orders for product in this guide to speed the order entry process.

In order to avoid delays, it is recommended that stock orders be "stand alone" so that they may be shipped within the promised time-frame.

To ensure we satisfy all our customers optimally and meet the committed lead times, maximum order quantities may apply. If the order exceeds the set threshold, Philips will contact you to work out a feasible schedule for your large order. It is always advised to work with your Philips representative to give advance notice of your large order.

Contact Us

In case you have questions, please contact your Philips Sales Representative or Customer Service Representative.

Philips Contact Center: 1-855-486-2216

We understand that customer demand may change unexpectedly. Therefore, all items in our Retail Guide are now returnable, per our standard return policy terms and conditions.

- Visit www.philips.com/warranties for details on our standard terms and conditions

Terms and Conditions

Freight Terms: Individual order minimum of \$1,000;
\$100 shipping and handling fee for orders less than \$1,000.
1% 10th Prox 2nd, Net 25th Prox 2nd for Stock Orders
1% 10th Prox, Net 25th Prox for Drop Ship/Project Business

* This pertains also to brands and product categories not represented in this particular guide.
