*This ballast is compatible for two (2) lamp configuration only.

- System performance (Philips InstantFit LED T8 lamps and ballast) has been evaluated by the lamp and ballast manufacturer.
- System performance (Philips InstantFit LED T8 lamps and ballast) has been evaluated by the lamp manufacturer only.
- Typical application for U-Bent lamps is with 2-lamp ballasts.
- Ballasts test are performed with a specific manufacturing date code. Older ballasts, with the same model numbers may have different electronic designs and consequently compatibility may vary. Similarly, newer ballast, with the same model number, may have undergone revisions that may affect compatibility. Compatibility may also extend beyond this list and Philips recommends testing a few fixtures with the InstantFit lamps, even if the ballast is on this compatibility list, to ensure compatibility and performance.
- Connect BRN/BRN-W leads.
- Please contact the emergency ballast manufacturer for wiring diagrams.
- UL/CSA classified with the listed ballasts.

Please contact Philips for questions about third party ballasts that are not on this list. Information in this document is subject to change without prior notice
