# Highlights

## Small and lightweight shield

Small and lightweight shield

## Airflow holes

Airflow holes for baby's delicate skin

## Can be sterilized

Can be sterilized

## Dishwasher Safe

Dishwasher Safe

## Orthodontic nipple

Philips Avent flat, drop-shaped symmetrical nipples respect the natural development of your baby's palate, teeth and gums, even if the pacifier ends upside down in the mouth.

## Security ring handle

For easy removal of the Philips Avent pacifier at any time.

## User-friendly silicone nipples

The Philips Avent silicone teat is taste and odor-free so it's more likely to be accepted by your baby. The silicone is smooth, transparent, easy to clean and it doesn't get sticky. The nipple is strong, long-lasting and won't become mis-shapen or discolored over time.
