

## CONTROL SYSTEM and ACCESSORIES indoor

### Bluetooth Smart Lighting Control

Bluetooth Smart Lighting Control è un Sistema che permette di gestire la luce attraverso l'uso di un'APP gratuita e una connessione Bluetooth. Utilizza la tecnologia Casambi e include un hardware (iBeacon ready) che si interfaccia con l'alimentatore. Rappresenta la soluzione ideale per gestire la luce in modo veloce e intuitivo.

Bluetooth Smart Lighting Control system allows to manage the light through a free APP and Bluetooth connection. It uses Casambi technology with a hardware (iBeacon ready). It represents the perfect solution to manage the light in an easy and intuitive way
