

HID-AspiraVision and PrimaVision

AspiraVision is the mark of excellence in HID electronic gear technology – high-end, compact, lightweight and easy to use, with added features for optimal performance of 35, 50 and 70 W CDM lamps. The recently added switching function provides maximum flexibility for users by integrating three different wattage choices into a single driver. PrimaVision Power gear is designed for optimal performance of 100 and 150 W CDM lamps – ideal where high-intensity light is key.

- Benefits:**
- SOFT START allows installation with fewer circuit breakers; Loop Through (I type) allows faster, cost-efficient installation.
 - Longer lifetime.
 - Driver can be set to 35, 50 or 70 W with the integrated switch, which means there is no need to replace the driver if the installation requires lower or higher-wattage lamps in the future.
 - Optimal lamp performance thanks to minimal lamp power tolerance.
 - Eliminates all visible lamp flicker.

- Features:**
- Improved thermal performance.
 - Low electromagnetic interference.
 - Voltage drop detection.
 - Lamp end-of-life detection.
 - High Tambient and Tcase temperatures.
 - Long lifetime of 40,000 hours.

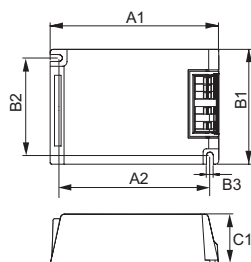

"I" TYPE

Product ID	Length A1	Fixing Hole Distance Length A2	Width B1	Height C1	Fixing Hole Diameter D1
HID-AV C 35-70 /I CDM	189.2	170.7	83.5	34.7	4.8
HID-PV C 100 & 150 /I CDM	224	206	82.7	34.2	4.8
