PHILIPS 230V dimmable PAR30 9.5-90W with Technology provides an excellent performances with optimal thermal efficiency and a compact high efficiency driver in a sleek, lightweight design perfectly fitting into a traditional halogen form-factor. It offers a light intensity and quality with an elegant design solution for a seamless looks besides employing a hi-tech IC solution to ensure excellent dimming system control.

The form-factor of the PHILIPS 230V dimmable PAR30 9.5-90W guarantees a 100% form-fit. 230V dimmable PAR30 9.5-90W is ideal for a myriad of applications including track lighting, general architectural and accent lighting, plus industrial OEM equipment lighting.

Application areas

PHILIPS 230V dimmable PAR30 9.5-90W lamp is designed for spot and general lighting applications in retail and hospitality markets. Unlike the conventional halogen reflector lamp, PHILIPS 230V dimmable PAR30 9.5-90W lamp, 9.5W power consumption per lamp, has a long lifetime of 40,000 hours ensuring minimum maintenance cost in shops, hotels, restaurants and cafes. The beautiful light and elegant design makes the PHILIPS LED PAR30 Lamps especially suited for various applications such as:

- Retail sales/picture windows/feature displays
- Corridors/Stairway/Washroom
- Lobby / Reception areas

Application notes

- Operating open air ambient temperature range is -20°C to 40°C
- This device is not intended for use with emergency exit fixtures or emergency lights
- For use in fixtures that can structurally support weight of a lamp

Design highlights

- Up to 89% energy savings compared to standard halogen and incandescent spot lamps
- Long lifetime of 40,000 hours (F50, L70)
- Fits into most of PAR30 fixtures
- Dimmable when using leading and trailing edge dimmers
- Optimum beam spread of 25 degree
- CCT: 2700K
- Virtually UV/IR free in the beam
- Lowers maintenance costs by reducing re-lamp frequency
- Environmental friendly, without Mercury or any other hazardous substances
- RoHS compliant

Lifetime + Sustainability

Failure Rate Curve of 230V Dimmable PAR30 9.5-90W

- PHILIPS dimmable PAR30 9.5-90W lamp has a lifetime of 40,000 hours at Tc=65°C, defined as the number of hours when 50% of a large group of identical lamps drop below 70% of its initial lumens.

- Lifetime estimation based on the application environment condition: please refer to the Tc for lifetime forecast.
